10:00pm Frontline - From Jesus to Christ: The First Christians

FRONTLINE presents the epic story of the rise of Christianity. Drawing upon new and sometimes controversial historical evidence, the series transports the viewer back two thousand years to the time and place where Jesus of Nazareth once lived and preached and challenges familiar assumptions and conventional notions about the origins of Christianity. This episode traces the life of Jesus of Nazareth, exploring the message that helped his ministry grow and the events that led to his crucifixion around 30 C.E. The film then turns to the period that followed Jesus' death, examining the rise of Christianity and concluding with the First Revolt-the bloody and violent siege of Jerusalem and the beginning of a rift between Christianity and Judaism. The broadcast explores new evidence suggesting that Jesus' followers, because of their diversity and the differences in their cultures and languages, looked at and interpreted Jesus and his teachings in many different ways. Today the ancestors of those ancient buffalo and wolves still engage in epic life and death dramas across this northern land. Packs of wolves up to 30 strong hunt the largest land mammals on the continent -- buffalo. By getting to know a specific pack of wolves and the individuals that make up the pack, we get a sense of how these two animal species (wolves and buffalo) live together in what seems like a forgotten corner of the world.
