Huell travels to the 2002 National SPAAMFAA Winter Convention in San Bernardino. SPAAMFAA stands for "Society for the Preservation and Appreciation of Antique Motor Fire Apparatus in America." This get together was a wonderful place to get glimpse of our state's fire- fighting history. There were all kinds of apparatus from small hand pumpers to elaborate steam driven engines from the turn of the century. The highlight of the day was Dave Hubert's lovingly restored rig, the "Reno #1," which served the city of Reno, Nevada from 1902 to 1922. Dave pulled out all the stops and did a "full steam" and a run behind special horses that are trained just for this purpose.

We all have financial issues and problems. Suze Orman's latest special sharply focuses on her helping individual viewers "find financial solutions for you." As always, Suze's advice is based not just on numbers, but on a critical understanding of ourselves and our emotional needs. The special's central theme is that our financial decision-making should be guided by an understanding of "the goal of money." As Suze perceptively defines it: "The goal of money is to make you feel secure." Our financial solutions should work to fulfill that goal. In addition, Suze stresses the importance of making financial decisions that you feel comfortable with. Financial problems are caused when you do things with money that do not seem "right" to you, despite pressures and advice from others. (Next Air 09/06/15 09:00am)

The first sports figure ever featured by AMERICAN MASTERS, this was a very deliberate choice about a very deliberate woman who has, indeed, been a major force in changing, and democratizing, our cultural landscape. To commemorate the 40th anniversaries of both the infamous Billie Jean King / Bobby Riggs tennis match -- the Battle of the Sexes -- and the launch of the Women's Tennis Association, this film looks back to the 12-year old southern California girl who played tennis on public courts, observed disparity and unfairness and, as she soared athletically, never stopped trying to remedy the situation. Her competitiveness on the circuit was matched by her egalitarian efforts on behalf of women and her commitment to prove consistently that in diversity there is strength --ultimately being awarded the Medal of Freedom by President Obama. King presents her own story with perspective added by Rosie Casals, Chris Evert, Venus Williams, Gloria Steinem, Elton John and Bobby Riggs' son. (Next Air 09/05/15 03:30am)

**9:00pm Civil War - A Very Bloody Affair - 1862/Forever Free - 1862**

"A Very Bloody Affair - 1862"--1862 saw the birth of modern warfare and the transformation of Lincoln's war to preserve the Union into a war to emancipate the slaves. Episode two begins with the political infighting that threatened to swamp Lincoln's administration and then follows Union General George McClellan's ill-fated campaign on the Virginia peninsula. The episode follows the battle of ironclad ships, camp life and the beginning of the end of slavery. Ulysses S. Grant's exploits come to a bloody resolution at the Battle of Shiloh. The episode ends with rumors of Europe's readiness to recognize the Confederacy. "Forever Free - 1862"--Convinced by July 1862 that emancipation was now morally and militarily crucial to the future of the Union, Lincoln must wait for a victory to issue his proclamation. But there are no Union victories to be had, thanks to the brilliance of Confederate generals Stonewall Jackson and Robert E. Lee. With Lee's September 1862 invasion of Maryland, the bloodiest day of the war takes place on the banks of Antietam Creek, followed shortly by the brightest - the emancipation of the slaves. "Valley of the Shadow of Death - 1864"--This episode begins with a biographical comparison of Grant and Lee and then chronicles the extraordinary series of battles that pitted the two generals against each other from the wilderness to Petersburg in Virginia. With Grant and Lee finally deadlocked at Petersburg, the episode moves to the ghastly hospitals in both the North and South, and follows Sherman's Atlanta campaign through the mountains of northern Georgia. As the horrendous casualty lists increase, Lincoln's chances for re-election begin to dim and with them, the possibility of Union victory. "Most Hallowed Ground - 1864"--The presidential campaign of 1864 set Abraham Lincoln against his old commanding general, George McClellan. The stakes are nothing less than the survival of the Union itself. Opinion in the North has turned strongly against Lincoln and the war, but 11th- hour Union victories at Mobile Bay, Atlanta and the Shenandoah Valley tilt the election to Lincoln, and the Confederacy's last hope for independence dies. In an ironic twist, Lee's Arlington mansion is turned into a Union military hospital and the estate becomes Arlington National Cemetery - the Union's most hallowed ground. BrainChange reveals the devastating truth about the effects of wheat, sugar, and carbohydrates on the human brain, with a 30-day plan to achieve optimum health. Renowned neurologist David Perlmutter, MD, blows the lid off a topic that's been buried in medical literature for far too long: carbs are destroying your brain. And not just unhealthy carbs, but even healthy ones like whole grains can cause dementia, ADHD, anxiety, chronic headaches, depression, and much more. His New York Times #1 best-selling book, Grain Brain, is the first book of its kind to explore the insidious role our highly touted low-fat, high- carb diets play in a host of neurological conditions. The vast majority of us don't realize that our seemingly "healthy" daily habits are silently aggravating our nervous systems and setting us up for serious brain ailments. BrainChange shows that the fate of your brain is not in your genes. It's in the food you eat. Dr. Perlmutter, a leading international authority on nutritional medicine, has a disturbing yet empowering message: our brains are highly sensitive to certain proteins and sugars that are ubiquitous today-in our hand creams and organic ice creams, cocktails and coffees, multi-grain breads, whole fruits, and even brand name pharmaceuticals. In BrainChange, he shows us how to prevent, treat, and reverse a wide array of brain-related disorders by eliminating specific foods from our diets and making smarter lifestyle choices. Dr. Perlmutter is the only doctor in the country who is both a board-certified neurologist and a Fellow of the American College of Nutrition, making him uniquely suited to write this book and make this public television program. An in-demand expert for nationally syndicated radio and television programs, he has appeared on 20/20, CNN, Dr. Oz, Fox News, Good Morning America, The Today Show, and Oprah, among many outlets. **9:30pm California's Gold - Shasta Dam**

When most people think of Shasta Lake, they imagine themselves on a houseboat enjoying California's largest manmade reservoir. With 365 miles of shoreline it is a boaters paradise. What most people don't think about is the massive structure that is responsible for holding back the water that creates Shasta Lake. We're talking about Shasta Dam which, is a perfect example of "California's Gold". Construction of the dam started in 1938 and ended in 1945. It's 602 feet high, 883 feet thick at the bottom, 30 feet thick at the top, and 3,460 feet long. The face of the dam is as big as six football fields and the spillway is the largest manmade waterfall in the world - three times the height of Niagara Falls. There are 18 outlets on the face of the dam, each big enough to drive a pickup through. Shasta Dam has the second largest mass of any dam in the United States. In this adventure, Huell and Luis get a behind the scenes look at this engineering marvel. Miles of tunnels and millions of gallons of water make for an exciting day, but there is another aspect to the Shasta Dam - the human element. It is the people who built the dam, the people that poured concrete 24 hours a day for 5 1/2 years and the countless other jobs that make this structure such a gem. Huell meets several of the original dam workers and listens to their stories about the glory days of Shasta Dam.
